

# California Abandoned by Fighters---Reno Will Probably Stage Championship Battle

## FIGHT TRANSFERRED TO A NEVADACITY

Rickard Formally Abandons San Francisco—Reno Almost Sure to Get the Plum, But Goldfield Still Bids. Governor Unmoved.

JOHNSON'S TRAINING QUARTERS, 541 ROCK HOUSE, SAN FRANCISCO, Cal., June 20.—Tex Rickard today authorized the positive announcement that the Jeffries-Johnson fight would take place in either Reno or Goldfield on the afternoon of July 4.

"I am not yet sure which of these towns will get the fight, but I will make a positive decision Tuesday morning and on the same day work on the fight arena will begin. Plans drawn for the Frisco pavilion will be used and the building can be completed in ten days. Everything will be in readiness and the battle will surely be held on the afternoon of July 4."

Promoter Rickard left Frisco today for Reno, in the morning, where he will meet delegations from Reno and from Goldfield and listen to their proposition. He will then announce his decision.

Indications, however, point to Reno as sure to get the scrap.

Mayor McCarthy, of this city, visited Governor Gillett in Sacramento yesterday. Their meeting was in secret, but at its conclusion Gillett said McCarthy had made no effort to influence him in the fight matter. "My mind is made up and will not be changed," said Gillett. "This fight cannot occur on California soil."

Promoter Louis Blot, who is pulling the strings of the Jeffries-Johnson fight, has given up the idea of having a test fight by afternoon. "Aw, what's the use?" was his only comment. Governor Gillett was praised from the pulpit all over California yesterday.

## SORE ON JEFFRIES FOR HIS SURLINESS

JEFFRIES TRAINING CAMP, ROYALDENNAN, Cal., June 20.—The exhibition at the Casino at Santa Cruz yesterday will, from present indications be Jeff's last appearance in a public exhibition in California.

The management of the Hotel Rowdennan is sore at Jeff for various reasons, and there is likely to be a suit filed against him if he leaves his camp before July. It is a well-known fact that Jeffries' training at this resort has been a financial boomer for the hotel people and they claim to be behind at least \$5,000.

Jeffries' entire force of trainers, with the exception of Corbett, have been fed at the expense of the hotel, and the management has given the best cottage on the ground, as well as putting up a handball court. It is also alleged that he was given a cut in the gambling privileges.

The blame is put on Jeffries, as it is claimed he has disappointed crowds so often that the fans have been educated to Jeff's leaving the grounds when there was a crowd.

General satisfaction was expressed by everybody this morning when word was received that Rickard had definitely given up the idea of trying to hold the fight in California and had left for Nevada and that his plans had at last taken a concrete form and that arrangements could be made accordingly. Everything will be packed and put in readiness for the move to Nevada immediately, except those things that are actually needed for the next day or two that will be put in before camp is broken.

## JOHNSON PACKS FOR HIS GETAWAY

JOHNSON'S TRAINING CAMP, SAN FRANCISCO, June 20.—The trunks have not been locked at Johnson's training quarters, but they are packed.

## TEAMS IN GREAT SHAPE FOR CHARITY BALL GAME

Chamber of Commerce Nine Is Ruling Favorite In Betting—Tickets Selling By Thousands to Aid Fight on White Plague.

Cheer up, ye hungry fans! But two more days to wait. All is in readiness for the game at National Park Wednesday afternoon between the All-Washington Newspaper team and the Chamber of Commerce Representatives. The ticket sale is running into the thousands, and at 50 cents each the sale will net a tidy sum for the fresh air fund of the Association for the Prevention of Tuberculosis.

Wednesday's game will be the last benefit performance before the Nationals come back to town. Consequently, it will give the fans a last chance to see a good game and give their city "a" to charity at the same time, thereby killing two birds with one stone, and, best of all, getting squared off with their conscience.

Every person who is interested in the fight being waged upon the white plague by the Washington association has willingly come forward, and some of the newspaper and big business of the city have bought tickets in fifty and 100 lots to distribute among their employees. Two brass bands will be on

## KETCHEL-LANGFORD BOUT FOR NEVADA

SAN FRANCISCO, June 20.—Wilson Mizner, manager of Stanley Ketchel, the world's champion middleweight, has come to the conclusion that there is no chance of his man being able to meet Langford in this State and he is ready to accept the terms for a battle in Nevada.

## PURSES AT HAGERSTOWN.

HAGERSTOWN, Md., June 20.—Purses amounting to over \$1,000 will be offered by the Hagerstown Driving Club in connection with the various events at the big celebration on the Hagerstown Fair Grounds, July 4. Aside from the races, parade, and tournament, there will be a bird dog contest.

## BIRD DOG GOES FISHING.

HADDONFIELD, N. J., June 20.—Fishing in Evans' pond, Charles Holmway baited his hook, cast the line and laid the pole on the bank while he strolled off. Returning a few minutes later he found his young bird dog swimming ashore with the pole in his mouth. Holmway encouraged the dog, which seemed to have some difficulty, and finally it landed, with a four-pound carp on the hook.

to within a few inches of the lid, and just enough room has been left to put in the punching bags, the pulleys, and a few garments which the champion and trainers will need on the trek. Tom Flanagan will be the advance agent of the champion's movements.

There will be at least a dozen in the party. Jimmy Delaney will go too, and Al Kaufman will also accompany Johnson in the probable event of Louis Blot finding it impossible to put on the bout between the native son and Sam Langford. Trainer Burns, Doc Furry, Frank Saton, and Sig Hart also will be in the party and, of course, George Cotton and Dave Mills, the sparring partners, will go.

The big boxer's own cook will be taken also, and the chickens will be prepared in the proper manner.

After his hard work-out yesterday, Johnson weighed just 215 pounds, just waded into the rough stuff like a fender and his face was one large golden smile as he elaborated the training apparatus and his sparring partners.

## NEGRO'S AUTO DREAM KNOCKED IN HEAD

SAN FRANCISCO, June 20.—Jack Johnson is very anxious to know immediately where he is to fight so that he can get accustomed to the climate.

It is probable he will leave San Francisco with his training staff late this afternoon or tonight. At first Johnson announced his intention of driving over to Reno in his racing car, but Rickard put his foot down on that firmly. Johnson was peeved when told he had to go in a Pullman, but finally agreed. Tom Flanagan, his manager, has wired for accommodations for the whole party at Reno.

San Francisco people are wild that the fight is to go away from here, but thousands of them are preparing to follow it to Reno. The railroads running there are already making preparations for special trains to handle the crowds.

## SCHWAB TELEGRAM CALLED A FAKE

NEW YORK, June 20.—"It's just about as true as if the name of John D. Rockefeller had been signed to it," today declared the private secretary of Charles M. Schwab, the multimillionaire head of the independent Steel trust, regarding a telegram received by Tex Rickard at San Francisco, promoter of the Jeffries-Johnson fight, signed by "Charles M. Schwab."

Schwab promised to make good any loss Rickard might suffer by pulling off the fight in Nevada.

In Frisco today, Rickard told a United Press reporter that he had received the following telegram from Charles M. Schwab:

"I will make up any deficiency that may occur if you are compelled to pull off the fight in Nevada."

At Schwab's offices here it was stated that Schwab was in Europe, and interest in the fight, and personally was opposed to prize fighting.

## GOLDFIELD STILL MAKING ITS BID

RENO, Nev., June 20.—A delegation of Goldfield business men have arrived here to meet Tex Rickard when he arrives from San Francisco.

The Goldfield men guarantee gate receipts of \$20,000 if the fight is held in Goldfield. They also guarantee that first is pulled off in that city.

Every arriving train is jammed with the vanguard of the influx attendant on the shifting of the scene of the battle from San Francisco to Reno. Marked activity has been noticed in various business houses throughout the city.

Yesterday's trade in many cases being the heaviest for the past few months.

Among the gamblers particularly is there a feverish effort to be on the job when the time comes. To that end old and unused apparatus is being rejuvenated and broken gamblers' appliances are being put in order.

The hotel men are also busy. Reservations have piled into the principal hotels. Most of the requests for rooms are not accompanied by checks or money orders, but the bonifaces are holding them nevertheless, secure in the belief that Rickard will land the fight. Several hotel proprietors have already made arrangements for the shipment of hundreds of cots to this city next week.

Temporary Accommodations.

Outsiders here to look over the field for an investment during the golden harvest, are preparing to open new restaurants galore. Several men have secured options on a number of empty buildings and cots will be placed in them and rented out at a nominal price per night. Automobiles, taxicabs and sightseeing wagons will also be in our city. A San Francisco touring car company has arranged to have a dozen of the big machines in this city for two weeks. If the fight is brought here, also, hundreds of chauffeurs that indentured "taxi" will bring into town.

W. C. Short, proprietor of Mona Springs, has received a telegram from Rickard, asking him to reserve a camp at Old Point Comfort for the first of this month.

The diamond and grounds will be in the best of condition for the management of the Hippodrome has volunteered to "clear away" after the performance tomorrow night, as though the Nationals were scheduled to play Wednesday.

The newspaper team will have its final practice on the White Lot this afternoon. Captain Phil King, of the Chamber team, has his men primed for one of the best battles of the season. The newspaper team will be the first played by them since they took the Fort Monroe, against the camp at Old Point Comfort the first of this month.

The newspaper team will be the first played by them since they took the Fort Monroe, against the camp at Old Point Comfort the first of this month.

## DASHES SEVEN MILES DOWN LUMBER FLUME

GLOBE, Ariz., June 20.—Five-year-old Thomas Gardner, of Thatcher, was dashed seven miles down a steep lumber flume in as many minutes and escaped practically unharmed.

The child was playing near the flume in Graham mountains when he slipped and fell into the rushing water. With the speed of an express train he shot to the bottom, of course.

Although the flume is nearly perpendicular in places and considered dangerous, the child escaped unharmed except for minor scratches and bruises.

## PLAN CHECKER CONTEST.

In a checker tournament at the Y. M. C. A. tonight, P. D. Fishburne of Columbia, S. C., will meet all comers. Mr. Fishburne has held the championship of the South for the past two years, and is editor of the checker column of the Columbia State.

## BURNS TO FACE GRIFFIN.

NEW YORK, June 20.—Charley Griffin, the featherweight champion of Australia, will box Ed Burns, the West Side lad, at the Olympia Athletic Club in the main bout of ten rounds tonight.

## RENO GETS READY TO HANDLE CROWD

Influx of Visitors Has Begun—Accommodations Reasonable.

RENO, Nev., June 20.—All Reno is preparing for the big fight which no one doubts will be held here, since Tex Rickard's positive statement this morning that it would be in Nevada.

Every arriving train is jammed with the vanguard of the influx attendant on the shifting of the scene of the battle from San Francisco to Reno. Marked activity has been noticed in various business houses throughout the city.

Yesterday's trade in many cases being the heaviest for the past few months.

Among the gamblers particularly is there a feverish effort to be on the job when the time comes. To that end old and unused apparatus is being rejuvenated and broken gamblers' appliances are being put in order.

The hotel men are also busy. Reservations have piled into the principal hotels. Most of the requests for rooms are not accompanied by checks or money orders, but the bonifaces are holding them nevertheless, secure in the belief that Rickard will land the fight. Several hotel proprietors have already made arrangements for the shipment of hundreds of cots to this city next week.

Temporary Accommodations.

Outsiders here to look over the field for an investment during the golden harvest, are preparing to open new restaurants galore. Several men have secured options on a number of empty buildings and cots will be placed in them and rented out at a nominal price per night. Automobiles, taxicabs and sightseeing wagons will also be in our city. A San Francisco touring car company has arranged to have a dozen of the big machines in this city for two weeks. If the fight is brought here, also, hundreds of chauffeurs that indentured "taxi" will bring into town.

W. C. Short, proprietor of Mona Springs, has received a telegram from Rickard, asking him to reserve a camp at Old Point Comfort for the first of this month.

The diamond and grounds will be in the best of condition for the management of the Hippodrome has volunteered to "clear away" after the performance tomorrow night, as though the Nationals were scheduled to play Wednesday.

The newspaper team will have its final practice on the White Lot this afternoon. Captain Phil King, of the Chamber team, has his men primed for one of the best battles of the season. The newspaper team will be the first played by them since they took the Fort Monroe, against the camp at Old Point Comfort the first of this month.

## THROUGH TICKETS STILL GOOD.

All of the tickets will continue to read through to the final fight, and spectators may proceed to San Francisco and then return.

W. L. McCarney communicated with several local people, wiring that nothing definite had been decided, but that he was practically certain that Reno was the spot. McCarney reiterated his former statement that the Ketchel-Langford bout will occur on the morning of the 21st.

Hotel reservations from the East keep driving in. The Overland received telegrams from Indianapolis and Cleveland, and a Golden slated a party of Philadelphiaans.

## FISH BREAK NETS.

ABERDEEN, Wash., June 20.—Not for years have the Indians of the Quinalt reservation enjoyed such a phenomenal catch of salmon, the migration up the Quinalt river to the spawning grounds being so great that many nets are broken through the great number of fish taken.

## ONLY THIRTY MIDDIES ARE OUT OF ATHLETICS

Annapolis Officials Finally Succeed In Getting Seven Hundred Members of Naval Academy Interested In One or More Branches of Real Sport.

ANNAPOLIS, June 20.—The squad of about thirty midshipmen which on the Thursday of this spring could be seen on a cross-country march around Annapolis, indicated the success which the Naval Academy authorities have achieved in their efforts to obtain the participation of every midshipman in some branch of competitive sport for this thirty represented the entire number, out of the more than 700 who constitute the brigade, who did not belong to one of the squads of candidates for some of the regular athletic teams.

While it is recognized at the Naval Academy that intercollegiate contests are absolutely necessary to obtain the spirited participation of any body of youths in athletics, the effort has been made for years to put athletics on such a basis that it will appeal to as many as possible, and secure, if possible, the entrance of every midshipman into some line of athletic activity.

To that end every manly sport possible is encouraged at the Academy, and at present there are one or two institutions in football, country, and these the largest universities, where as many branches of sport are on a firm basis as at the Naval Academy.

In All Branches.

Not only do large squads turn out for the big teams and the scrub teams that are necessary to develop them, but there is a regular series of class games in several of the sports, and this, of course, means the participation of a large number of midshipmen in order to form and obtain practice for teams representing each class. Each year there is a regular schedule of class games in football and basketball, and an interclass field and track meet, for which great preparations are made.

Thursday is the big athletic day at the Academy, for on it athletic practice takes the place of all drills and practical "taxi" work.

The different athletic squads is called, just as the roll is called for a company or battalion drill. At the beginning of the season the midshipmen have put down their names for some branch of sport, and they must be present at all of the regular practices, and the midshipmen of the academy have ever had.

The work of breaking in another fourth class, as well as all but two of the fourth class records in field and track, were broken by members of the fourth class. Altogether, it was the first time since the academy was founded that the academy has ever had.

Four Records Broken.

Two academy records, as well as all but two of the fourth class records in field and track, were broken by members of the fourth class. Altogether, it was the first time since the academy was founded that the academy has ever had.

Still Another.

WORCESTER, Mass., June 20.—James J. Egan, pitcher of the Holy Cross College nine, said today that he had signed a contract with the Pittsburgh National League team. He will join the Pittsburghs June 23.

## YORK READY TO QUIT.

YORK, June 20.—Unable to place a winning team here after about four weeks' strenuous efforts, Manager Jake Weitzel has resigned and returned to his home in Reading. Weitzel says that he failed to sign the men he expected to get when he took charge of affairs here, and that he realized his inability, and therefore did not want to impose on the local association. It is said that the franchise may now be sold to a big league manager who wants to put a team here.

PAPKE IS PREPARING.

BOSTON, June 20.—Determined to work his way up to another match with Ketchel, Billy Papke is here today putting on a "fighting" edge for his twelve-round bout tomorrow night with Jack (Twin) Sullivan. Papke believes he can hit the Twin handily. Ketchel will give him another chance.

GILES CHOSEN CHAMPION.

PROVIDENCE, June 20.—William C. Giles, 11, of Springfield, Mass., was elected captain of next year's Brown baseball team at the banquet of the team held in the Hotel Warren. Giles has been popular in other activities at college besides athletics. He is president of his class and the Brown Union. He is a member of the Caman Club and the Delta Kappa Epsilon fraternity.

## BRITISH GOLFERS IN OPEN TOURNEY

LONDON, June 20.—The annual open championship tournament of Great Britain will claim attention this week at famed St. Andrews. Looking through American spectacles, added interest is felt because of the presence of Will Smith and Donald Ross. The first named won the open in New York in 1909, while only two years ago at Myopia he tied with Fred McLeod for the place. Ross is a brother of Alec, who won the open at Philadelphia in 1907.

## LANGFORD-KAUFMAN BATTLE ON JULY 2

SAN FRANCISCO, June 20.—The Langford-Kaufman fight, scheduled for last Saturday, will take place on July 2 in Nevada, in the arena built for the Jeffries-Johnson fight.

## EASON NATIONAL UMPIRE.

MEMPHIS, Tenn., June 20.—Mal Eason, former Eastern League umpire and working at present in the Southern Association, has been appointed to umpire in the National League.

## CORNELL FAVORITE AT POUCHKEEPSIE

Ithacans Are Chosen By Experts For Fastest Crew. Large Delegation Will Attend Annual Sports At River View Park.

## CREWS ON HUDSON

### VARSITY EIGHTS.

	Age.	Height.	Weight.
Syracuse	23%	6 ft. 1 1/2 in.	150%
Cornell	23%	5 ft. 11 1/2 in.	172.5
Wisconsin	23%	6 ft. 1 1/2 in.	167.0
Columbia	23%	6 ft. 1 1/2 in.	167.0
Pennsylvania	23%	5 ft. 11 1/2 in.	165

### FRESHMAN EIGHTS.

	Age.	Height.	Weight.
Syracuse	20%	6 ft. 1 1/2 in.	160%
Columbia	20%	6 ft. 1 1/2 in.	161%
Wisconsin	20%	6 ft. 0 in.	156.5
Cornell	20%	5 ft. 9 in.	164.4
Pennsylvania	20%	6 ft. 1 1/2 in.	164%

POUGHKEEPSIE, N. Y., June 20.—The college crews today entered upon the final week of their training for the big intercollegiate regatta next Saturday, with Cornell the favorite and with expectations for a hotly contested race.

It is admitted by those who have watched all the crews that Coach Courtney has, as usual, rounded together an excellent bunch of oarsmen at Ithaca, but there is a feeling that the Ithacans, although they may be returned the winners, will have to pull their arms off to finish ahead of Coach Jim Rice's eight from Columbia.

Rice has determined to make the New York lads do their best. His action in jerking Saunders out is taken to indicate that Rice believes he has a good chance and does not intend to have that chance endangered by an unconditioned oarsman. Saunders was the biggest man in the Columbia boats and the strongest, but he was unable to join the training camp early and is not in condition. He was replaced by Murphy.

The final arrangements for Saturday's races have been announced. The varsity fours will go to the mark at 4:30 and the freshman eights at 5:15. The varsity eights will go to the mark at 6:30, when the race will be almost at its strongest. The positions that the crews will occupy will be as follows: Varsity eights—1, Pennsylvania; 2, Syracuse; 3, Cornell; 4, Wisconsin; 5, Columbia.

## HARVARD'S EIGHT PICKED TO WIN

Powerful Crimson Crew Makes Favorable Impression on Thames.

NEW LONDON, Conn., June 20.—While experts who have seen both crews in their respective races are inclined to believe Harvard will win the Thames regatta on June 20, it is admitted that Yale is getting into better shape every day and Yale is expected to make the race close from start to finish. Neither crew is as strong as has been figured.

Yale's boat is weak for several reasons. The absence of Tucker from No. 2, the mishap to Stroke Wainwright, and the general inexperience of the entire crew, all count against Yale. Wallis dislocated his shoulder sometime ago, and while he seems to be in fairly good shape now, there is a growing fear that his injury will give him trouble in the big race.

Tucker is suffering from malaria and may not get into shape to re-enter the boat. The boat averages 172 pounds; a big crew almost anywhere, but seven pounds lighter than the man than the Harvard eight.

There have been a number of changes in the Harvard boat, but for the most part the oarsmen are veterans who can be counted on to give a good account of themselves.

## PIRATES GET PITCHER

CLEVELAND, June 20.—Pittsburgh has added another college star to its pitching staff by signing Bradshaw, a six-foot twifler, who has made a wonderful record as a pitcher and all-around athlete at Hiram College. The young man is of a very modest disposition, and his team mates say "he is one of the best baseball players ever hired out at this hustling college."

As the ships will be unloaded in about the same time it is expected that there will be a pretty race on when they start back, coal loaded, on their long run.

## CONSTIPATION MUNYON'S PAW-PAW PILLS

Munyon's Paw-Paw Pills are unlike all other laxatives or cathartics. They coax the liver into activity by gentle methods. They do not scour; they do not grip; they do not weaken; but they do start all the secretions of the liver and stomach in a way that soon puts the organs in a healthy condition and corrects constipation. In my opinion constipation is responsible for most ailments. There are thirty-two feet of human bowels, which is really a sewer pipe. When this pipe becomes clogged, the whole system becomes poisoned, causing biliousness, indigestion and impure blood, which often produces rheumatism and kidney ailments. No woman who suffers with constipation or any liver complaint can expect to have a clear complexion, or enjoy good health.

Munyon's Paw-Paw Pills are a tonic to the stomach, liver and nerves. They invigorate instead of weakening; they cleanse the blood instead of impoverishing it; they enable the stomach to get at the nourishment from food that is put into it.

These pills contain no calomel, no poisons, they are soothing, healing and stimulating. They school the bowels to a normal without physic. Price 25 cents.
